

## Sander 260W 90x187mm RD-SA08

Art. number: **040112**

Barcode: **3800123160813**

✓ Dust collection

### TECHNICAL FEATURES

| Parameter                   | Measure Unit | Value                    |
|-----------------------------|--------------|--------------------------|
| No- load vibrations (min-1) | min-1        | 0 - 12000                |
| Cable length (m)            | m            | 2                        |
| Orbit diameter (mm)         | mm           | 2                        |
| Dust protection             |              | NO                       |
| Rated input power (W)       | W            | 260                      |
| Rated voltage (V)           | V            | 230                      |
| Dust capturing              |              | NO                       |
| Sanding belt size (mm)      | mm           | 93x230                   |
| Adjustable load speed       |              | NO                       |
| Rated voltage type          |              | Corded - Electrical Grid |
| Frequency (Hz)              | Hz           | 50                       |
| Base plate (mm)             | mm           | 90x187                   |

### EQUIPMENT

Sand paper 1 pc.
