

Concrete Vibrating Rod 1,5m Ø35mm for RD-CV01

Art. number: **078605**

Barcode: **3800972032675**

- ✓ The flexible vibrator shaft serves to compact the concrete immediately after it is poured into forms or formwork. Vibration compaction is a critical process in construction because it removes air bubbles that can weaken the concrete's structure.
- ✓ The shaft is specially designed for use with the RD-CV01 concrete vibrator, providing optimal performance and compatibility with this tool. Easy replacement and installation make it convenient for operation and maintenance
- ✓ 1.5 meter length - The length of the shaft provides ample working space, allowing the operator to reach deeper or hard-to-reach places in concrete structures

TECHNICAL FEATURES

Parameter	Measure Unit	Value
Application		Flexible shaft for concrete vibrator
