

Self Shielded Flux Cored Welding Wire Ø0,8mm 0,45kg

Art. number: **209942**

Barcode: **3800972035065**

- ✓ Made of specially alloyed steel and containing a built-in flux core, ensuring stable arc performance and effective formation of a protective slag layer
- ✓ No need for shielding gas – The flux coating releases protective gases during welding, eliminating the need for an additional gas cylinder
- ✓ Versatile application – Ideal for welding mild and low-carbon steel
- ✓ Good penetration and minimal spatter – Ensures a stable arc and reduces slag formation, making weld cleaning easier

TECHNICAL FEATURES

| Parameter | Measure Unit | Value |
|---------------|--------------|-------|
| Diameter (mm) | mm | 0.8 |
