

Filtering Half Mask FFP2 with valve RD

Art. number: **561503**

Barcode: **3800972048324**

- ✓ The RD FFP2 filtering protective mask is designed to protect the respiratory tract against solid and liquid aerosol particles.
- ✓ It features an exhalation valve that makes breathing out easier and provides greater comfort during prolonged use.
- ✓ It is suitable for working in environments where dust and other particles are present, provided that the applicable safety requirements are observed.
- ✓ Before use, the mask must be checked to ensure a proper fit on the face.
