

Horizontal Multistage Pump 750W 1" 90L/min 45m RD-MSWP85

Art. number: **070185**

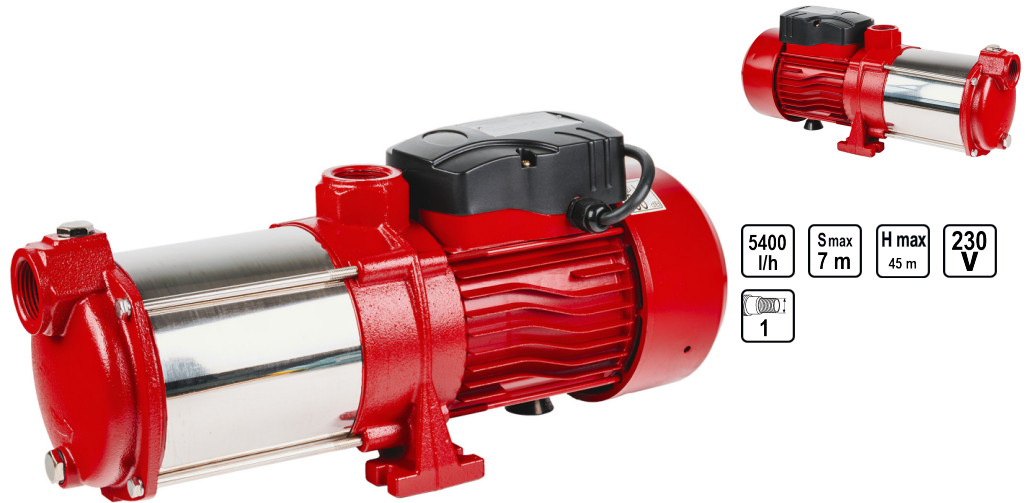

Barcode: **3800972032590**

✓ This pump has four turbines that ensure high pumping efficiency. The turbines increase the water pressure, allowing the pump to achieve a higher water column and greater flow rate. This makes the RD-MSWP85 model extremely suitable for tasks requiring pumping of water over greater distances and heights

✓ The pump is capable of pumping up to 90 liters of water per minute, making it highly efficient and suitable for tasks that require moving large quantities of water quickly

✓ Thanks to the modern design and the use of a four-turbine system, the pump works with lower vibrations and noise, which makes it convenient to use

✓ The pump housing is made of high-quality materials resistant to corrosion and mechanical damage

5400 l/h	S _{max} 7 m	H _{max} 45 m	230 V

TECHNICAL FEATURES

Parameter	Measure Unit	Value
Maximum delivery rate (l/h)	l/h	5400
Maximum suction depth (m)	m	7
Maximum delivery height (m)	m	45
Rated voltage (V)	V	230
Rated voltage type		Corded - Electrical Grid
Suction aperture (")		1
