

Soldering Iron Station 100W 200-480°C LED RDP-SIS17

Art. number: **076417**

Barcode: **3800972047815**

- ✓ The RDP-SIS17 is a practical solution for precision soldering of electronic components and repairing electronic devices.
- ✓ With a power rating of 100 W and an adjustable temperature range of 200 to 480°C, it allows the operating parameters to be adapted to the specific task and materials used.
- ✓ The built-in LED display provides convenient temperature monitoring, while the rotary control allows easy temperature adjustment.
- ✓ The station is marked ESD SAFE, making it suitable for working with electronic components sensitive to electrostatic discharge, provided that the necessary protective measures are observed.

TECHNICAL FEATURES

Parameter	Measure Unit	Value
Rated input power (W)	W	100
Rated voltage (V)	V	230
Working temperature (°C)	°C	480
Rated voltage type		Corded - Electrical Grid

EQUIPMENT

Soldering iron with clamp	1 pc.
Soldering station	1 pc.
Stand	1 pc.
